A Capsule Wardrobe

LADIESWEAR
COLLECTION

HS 2012 Ladies Suiting

Inspired by the heathers and gorses of the Scottish hillside, our Ladieswear tweeds are distinctive and unique.

The colour, weave and texture of each tweed fabric has been carefully considered: the intimate use of colour; the fusion of multiple, exotic fibres and the intricate interlaced construction enhance the fabric's appearance, drape and handle, giving each one its very own unique signature.

In addition, our colourful tweeds have been co-ordinated with a selection of luxurious crepes, creating a collection of fabrics suitable for any occasion.

With its beautifully co-ordinated and interchangeable pieces, our Ladieswear collection for 2020 provides the ultimate capsule wardrobe for the business professional on the go.

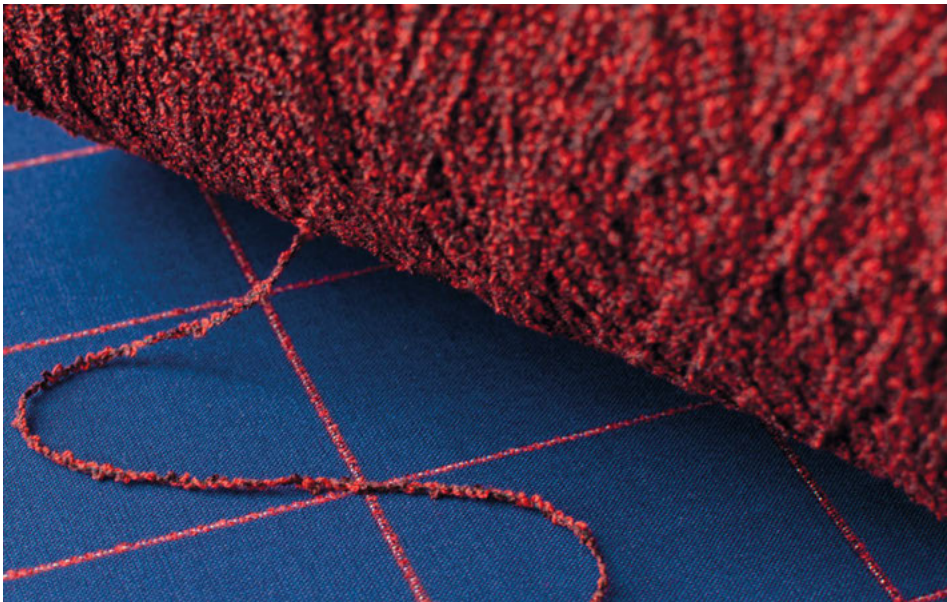

*Luxury Super 130's Wool Worsted
with Bouclé Decoration*

BOUCLANA

HS 2014 Suiting

100% Super 130's Worsted

210grm 6½oz / 220grm 7oz / 250grm 8oz

Offering that little *je ne sais quoi*, the Bouclana collection is inspired by classic, summery windowpanes, stripes and textured semi-plains. The all-time classics have been elegantly invigorated with Bouclé fancies, creating a contemporary yet sophisticated look for the more fashion-conscious client.

Bouclé – from the French language meaning ‘curled’, is a fancy yarn that is looped during spinning. When woven the looped effect lies delicately on the surface of the fabric, creating an intricate, textured, decorative effect that surpasses all others.

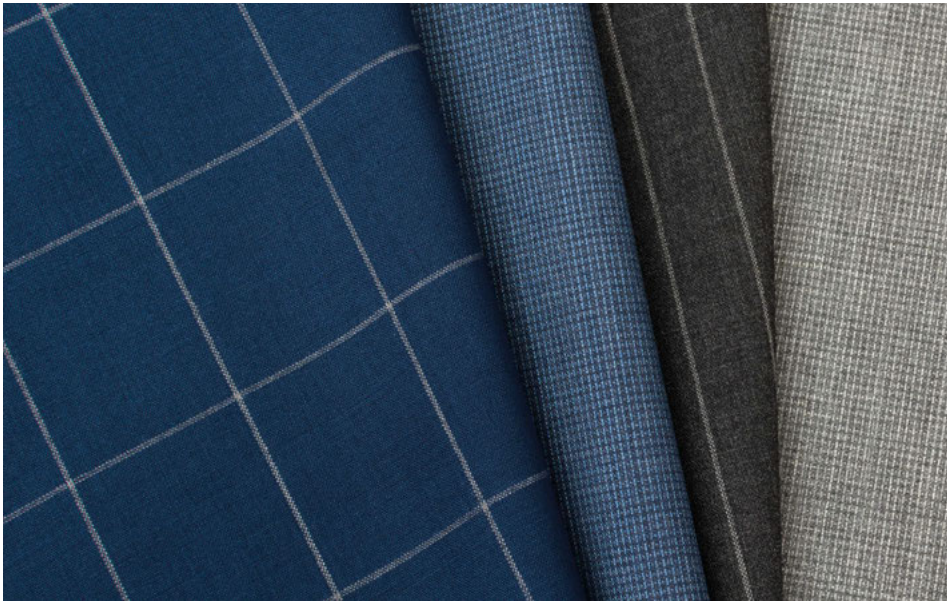

The Bouclana name derives from the French word bouclé and the Latin word for wool, *lana*.

Those who want to be noticed, will be truly inspired by Holland & Sherry’s latest Bouclana collection.

Super 100's High-Twist Worsted Suiting

CAPE HORN
LIGHTWEIGHT

HS 2023 Suiting
100% Super 100's Worsted
260grm 8oz

Cape Horn is one of our most popular and versatile collections and its understated qualities are appreciated the world over. Made from Patagonian merino wool, this collection is a must-have for those who demand quality, performance and comfort.

Patagonia is a sparsely populated region of South America unspoilt by human interference. Its earthy and unpolluted environment provides an abundance of vegetation and fresh water where its native wildlife can thrive. Its clean environment guarantees a cleaner, brighter fleece requiring less processing – safeguarding the quality, strength and performance of the merino wool and providing the best grazing conditions to raise some of the world's finest merino sheep.

Once shorn, the strong fibres are spun into a high-twist yarn, producing a high-performance fabric well-suited to warm climates and business travel.

This comprehensive collection of classic and semi-fancy designs makes the perfect addition to any wardrobe and for the international traveller in particular.

MESH & HOPSACK BLAZERS

HS 2030 Jacketing

100% Wool Worsted /

40% Silk 35% Linen 25% Wool Worsted

280grm 9oz

The iconic and versatile blazer – recognised as the standalone jacket, is most frequently worn with chino style trousers typifying sartorial elegance all over the world.

Its versatility allows for almost unlimited looks and styles double or single-breasted front; black or navy blue in colour, or more fashionably, a bold exhibition of coloured stripes or prints. Detail and personalisation may be enhanced further by a decorative crest emblem on the breast pocket and gilt or enamelled buttons, often displaying a naval, military or sporting theme.

For this collection, the two qualities selected typify the modern blazer. Constructed from a traditional hopsack or open mesh structure, both qualities offer a relaxed and more comfortable approach to the traditional blazer. For the open structure to be appreciated fully, many prefer an unlined, unstructured garment that allows air to flow through the fabric more freely, making this collection the ideal choice for warm, humid climates.

The extensive colour palette offers a wide range of soft tone-on-tone colour, from classic blue to contemporary teal.

This influential and timeless classic instantly transforms any look from casual to smart. It is the most versatile garment of any wardrobe that will never go out of style.

The Ultimate Collection

MONADH MOR

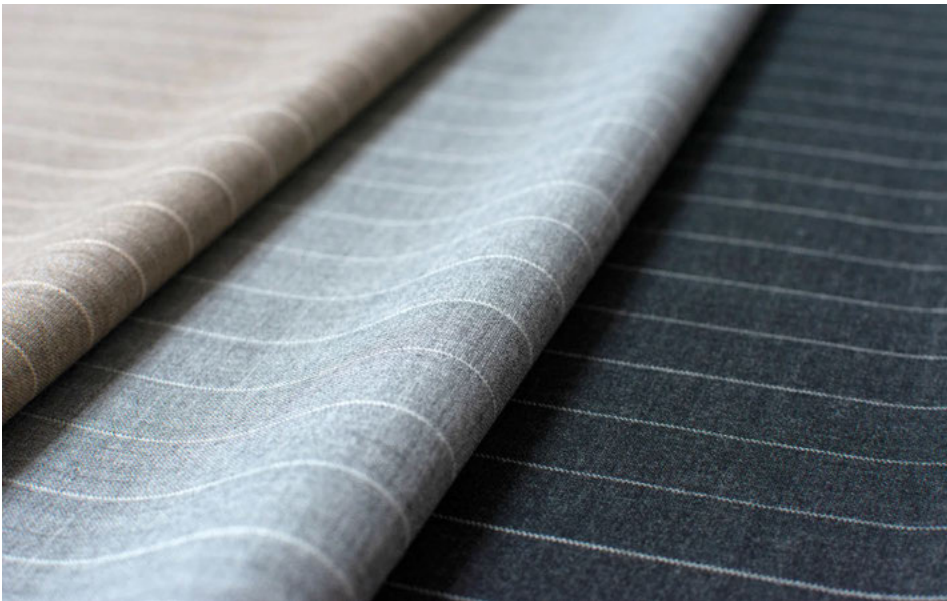

HS 2035 Suiting

50% Super 120's Scottish Merino

35% Super 140's Worsted 15% Silk

235grm 7½oz

Made in England

A world first and exclusive to Holland & Sherry, our Monadh fabrics are sourced from a unique flock of sheep bred and raised in the Scottish highlands.

Monadh, Gaelic for 'moorland' describes any land that is not actively farmed or forested, and incorporates many types of habitat, such as grassland and heather, moorland or heath. Much of Scotland is covered by moorland, especially in the highlands and islands where these areas are designated as Special Areas of Conservation.

Monadh is outstanding in many ways. The Monadh sheep are bred and shorn in the highlands of Scotland. This results in a cloth with truly unique characteristics. Having overcome the Scottish climatic conditions of rain, wind and snow, the animals grow strong and healthy to produce the superb merino wool that is used to weave the Monadh cloth. The distinctive fleece is individual to these special animals, with a softness and lustre that is truly exceptional. Monadh merino wool is a premium fibre in limited supply from the Monadh merino flock as only one lamb per season is bred from each ewe. Holland & Sherry proudly offers Monadh wool, shorn from Scottish merino sheep, blended with the world's finest Mulberry silk.

Woven in England from Scottish merino wool, Monadh is unique and totally exclusive to Holland & Sherry.

Luxury Super 170's Merino Wool

DRAGONFLY GOSTWYCK

HS 2041 Suiting
100% Super 170's Worsted
230grm 7½oz
Made in England

Holland & Sherry's all-new Super 170's Dragonfly Gostwyck collection is the ultimate replacement for HS 1541 Dragonfly Supreme.

This new collection encompasses all the same qualities as its predecessor, and has a fully traceable, sustainable supply chain including all processes from sheep to cloth.

Animal Treatment

With a three-day rotational grazing system in place, animal stress is eliminated and the use of harsh chemicals minimised. Pastures grow naturally to maximise high quality nutrition and sheep remain healthy, well nourished and remain free from parasitic invasions.

Environmental Sustainability

Major changes to grazing practices have seen a steady increase in the sustainability of soil health, pasture and water quality. The environment and ecology greatly benefit from these state-of-the-art grazing systems.

This collection is a classic range of fabrics, ready to be tailored into exquisite clothing that defies luxury and comfort. With exceptional handle, drape and tailoring qualities this collection offers the ultimate in luxury worsted suitings.

SUMMER ASCOT

HS 2044 Jacketing
100% Wool Worsted
250grm 8oz

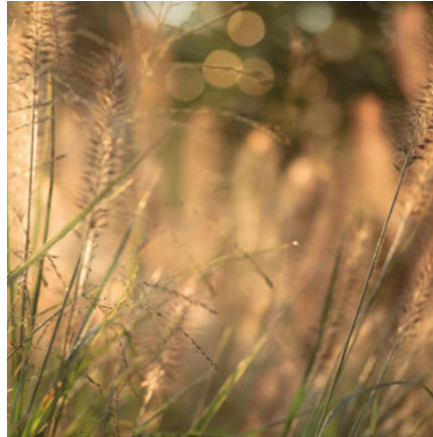

Summer Ascot is an all-wool range, comprising contemporary checks and windowpanes, suitable for both business and casual attire.

Benefits of Summer Ascot:

- All fabrics are woven from a plain weave construction making them the perfect choice for the summer months.
- The plain weave construction produces a fabric much lighter in weight than those woven with a conventional twill.
- The construction and weight keep the body fresh and cool in warm climates.
- For most climates, the 250grm fabrics in this collection are the ideal choice for all year round use.
- The wool micron is 20.5 μ providing strength and durability.
- The yarn used is a 60/2 new metric yarn in both warp and weft directions allowing for a full, well-rounded handle. This bold handling yarn also lends itself to good drape and crease resistance properties.
- These benefits allow the fabrics to be tailored with ease and make them a pleasure to wear.

The luxury fabrics from our Summer Ascot collection are an essential addition to any wardrobe.

Luxury Lightweight Jacketings

CRYSTAL SPRINGS

HS 2047 Jacketing
100% Wool Worsted
250gsm 8oz

Crystal Springs luxury jacketings for Spring/Summer 2020 is an updated collection of windowpane and mock glen plaid designs in a range of attractive colours, including fashionable, contemporary tones as well as the familiar classics.

Woven from a plain weave or twill construction in compositions of Super 130's wool worsted merino or wool/silk/linen blends, we are certain that this comprehensive collection will suit all tastes.

Cloths woven from the Super 130's merino wool yarn and constructed in a 2/2 twill have a luxurious, soft handle, with good drape and strength qualities. These cloths have good crease recovery properties due to the natural crimp of the wool fibre. The crimp provides natural elasticity, making it comfortable to wear and easy to tailor.

The wool/silk/linen blends offer a more relaxed appearance and have a crisp, textured handle. Both linen and silk are extremely durable, hold their shape well and provide a garment with depth and inherent natural beauty.

The bold, unfussy checks found in this collection create a fresh and striking summer look.

*Visual Splendour® in Super 100's
Fine Merino Wool with AquArrêt®*

IMPACT III

HS 2048 Suiting
100% Super 100's Wool Worsted
240grm 7½oz

The cloths from our Impact III collection are woven from an 18.5µ superfine merino wool.

A bespoke garment, made from any of the fabrics in this exclusive collection will retain its shape, maintain good crease recovery and ensure unlimited comfort.

Those of us who are fortunate enough to appreciate colour in its full glory will understand the huge impact it has on our daily lives. Colour has the power to control the subconscious mind affecting our moods, thoughts and demeanour.

The striking colours and designs in this collection will help promote and enhance a successful journey towards a more colourful and enchanted life that can only be described as...

A true Visual Splendour®

Holland & Sherry is one of the most prestigious cloth weavers in the world. For over 180 years Holland & Sherry has played a leading role in supplying luxury cloths to the top end of the market and bespoke tailors.

A bespoke tailored garment in luxury Holland & Sherry cloth is truly an investment and always a pleasure to wear.

Since the very beginning in 1836, Holland & Sherry has supplied the famed bespoke tailoring houses of Savile Row with the absolute top-end luxury cloth.
