Intercity

Wool Worsted Suiting

The InterCity suiting collection has been designed specifically for the business environment, combining handmade quality with hardwearing practicality. This is our classic suiting line, traditionally British and heavyweight.

The cloth is woven in a stable 2/2 twill, from a 60/2 nm yarn in both warp and weft direction, giving the cloth body and fullness. These qualities offer durability and good drape, which are perfect for tailoring.

A traditional city suit comprises two main elements – the jacket and trouser, also described as a two-piece suit. The waistcoat is an optional extra for a particularly smart working environment or important meeting.

The InterCity collection offers a comprehensive range of stripes in classic navies and greys. The addition of contemporary colours, such as aubergine with a purple stripe, ensures broad appeal. The collection is completed by other woven designs including glen checks, sharkskins, birdseyes and herringbones.

Bunch: HS 1760 Intercity

Composition: 100% Worsted

Weight: 370gm 12oz

City of London

Wool Worsted Suiting

The City of London suiting collection has been designed for the business environment, combining handmade quality with hardwearing practicality. This is our new classic suiting line, traditionally British and heavyweight.

The collection offers a timeless selection of quality merino wool suiting fabrics for discerning professional people. The cloth is woven in a 2/2 twill, from a 36/2 nm yarn in both warp and weft direction, giving the cloth body and fullness. These qualities offer durability and good drape, enabling a garment to hold its shape.

Inspired by classic British styling, this collection uses the traditional weaves of twill, herringbone and birdseye in classic patterns such as pin stripe, chalk stripe, glen plaid and houndstooth, offering choice and variety.

We truly believe that this collection is the perfect choice for a British, tailored look.

Bunch: HS 1862 City of London

Composition: 100% Superfine Merino Wool

Weight: 420gm 13½oz

Classic Worsteds

Wool Worsted Suiting

This collection offers a wide selection of timeless classics, ideal for the traditional city suit.

Produced from high quality merino wool, the main feature of this collection is the fabric weight. At around 400gms it feels full bodied and firm. Combined with traditional bespoke tailoring, these qualities produce a garment that is strong and durable, but more importantly retains its shape well.

Inspired by classic British styling, this collection uses the traditional weaves of twill, herringbone and birdseye, incorporating a selection of classic patterns such as pin stripes, chalk stripes and glen checks.

Noted for their tailoring capabilities, the fabrics in this collection are the epitome of British styling and reflect the importance of business dressing.

Bunch: HS 1965 Classic Worsteds

Composition: 100% Wool Worsted

Weight: 400gm 13oz
