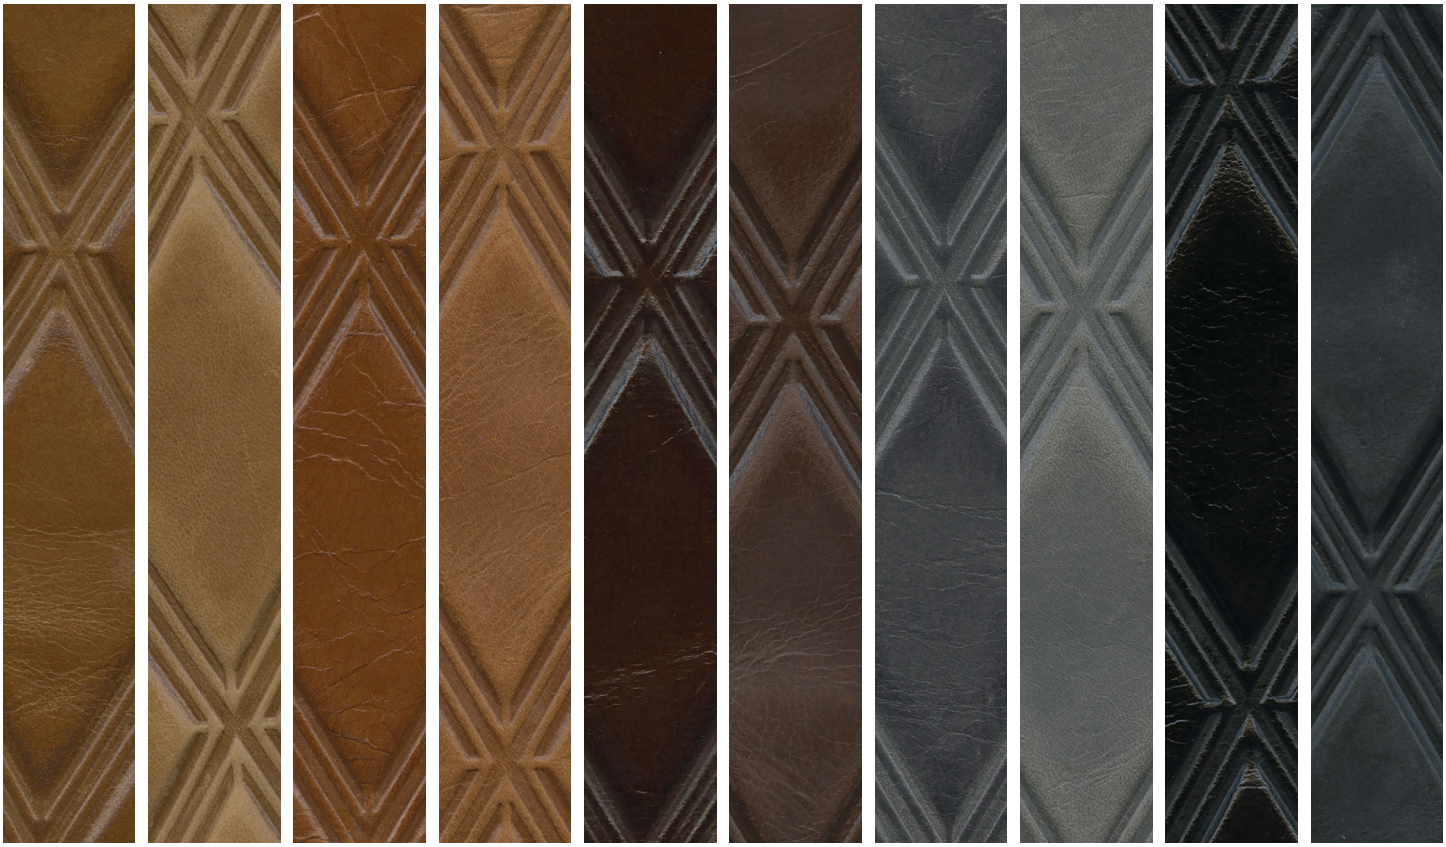
TRUSS (LE5289-LE5298)



PRODUCT SPECIFICATIONS

Truss is a tailored leather with an embossed diamond design that is perfectly scaled for residential use. These sophisticated hides have a natural finish with subtle shading throughout the hide, and this is further emphasized by the highs and lows of the embossment. Clients can select from a range of matte, waxy bases to highly lacquered bases depending on the desired look. Please note that Truss is hand-finished and certain color variations throughout the hide and from hide to hide should be expected. This collection is plate embossed and registration marks will occur.

- Average Hide Size: 40-45 SF

DURABILITY

- Flammability: Please consult your salesperson for your client's particular requirement as additional treatments and/or up-charges may apply.

CLEANING & CARE INSTRUCTIONS

Occasionally dust with a soft, dry cloth. Blot spills immediately — never rub. If cleaning is required, use a pH-balanced cleaner made for semi-aniline or pigmented leather, applied with a soft cloth in gentle circular motions. Never use alcohol, bleach, acetone, baby wipes, or household cleaners, as these strip the protective topcoat. For deep stains, ink, or significant discoloration, consult a professional leather cleaner.
