

SILK MATKA (DE12553-DE12573, DE14275-DE14288)

SILK

This cloth is handwoven from upcycled silk fiber that is hand-spun into yarn, woven, and piece-dyed. The upcycled fibers contain variations in thickness, length, color, and sheen, resulting in a cloth with surface variation and a rustic natural appearance. Silk Matka is characterized by a soft drape and a “linen look” that provides an elegant alternative to high-sheen silk qualities.

- Description: Silk Matka
- Available in 14 new colors, and 14 existing colors
- Custom colors available & lead time: Inquire with fabric design
May be subject to a design fee
- Composition: 100% Silk
- Width: 53" (137cm)
- Weight: 8 oz/lin yd (250 gml)
- Pattern Repeat: N/A
- Martindale Abrasion: N/A (Decorative Use)
- BS 5852 British Cigarette: Pass, Match: Pass
- Cal 117-2013: TBD
- Country of Origin: India
- European Tariff Code: 50072019
- USA Tariff Code: 500720002
- Worldwide Tariff Code: 500720199

CLEANING & CARE INSTRUCTIONS

Professional dry clean, delicate treatment, any solvent except trichloroethylene. Do not wash. Do not bleach. Do not tumble dry. Do not steam. Iron at medium temperature (150°C / 302°F) with a protective cloth between the iron and the fabric.

KNIT BACKING

Knit backing is recommended for upholstery and pillows. The designer should consult their workroom. Reinforce upholstery seams and use an ample seam allowance. Overlock stitching or serging is advised on the cut edges of the fabric.

END USE

Drapery and window treatments, decorative upholstery, wall upholstery, soft goods, and accessories.

SILK MATKA (DE12553-DE12573, DE14275-DE14288)

DRAPERY

This fabric is made from natural fibers. For best results, hang drapery before hemming to allow the fabric to adjust to the climate of the room. Dry conditions may cause the fabric to slightly contract in length and humidity may cause it to moderately expand in length. This is normal as the fabric will naturally adjust to the room's climate throughout the seasons of the year. It is recommended that drapery is not placed in direct proximity to heating and cooling sources.

All drapery should be lined to block light and protect the face fabric.

DISCLAIMER

This product is handwoven using Upcycled Silk. Imperfections contribute to the natural beauty of the cloth: large slubs, yarn shade and thickness variation, weaving irregularities such as pulls, and changes in density of the cloth, are inherent to the quality. The fabric may exhibit banding, variation in sheen, and a small portion of uneven dye uptake.
