

EMBOSSED LEATHER RETREAT

Our Retreat collection is engineered to have a soft, nubuck feel, yet the vibrant pigmentation makes this a remarkably durable, performance leather with scratch resistance. These two qualities are rarely found in a single leather, which makes Retreat an exciting addition to any client's library. The range of color is an exciting departure from the classic Holland & Sherry look, and the two-tone tipping highlights the depth of the pronounced grain.

GENERAL CARE AND CLEANING

Our leather requires very little care with normal use. In order to maintain the natural look of leather, simply dust with a dry cloth. Do NOT use polish or cleaners. NEVER use cleaning solvents, furniture polish, oils, varnish, abrasive cleaners, ammonia, water, or soap with a detergent base.

ANILINE FINISHED LEATHERS:

Aniline leathers require extra care. If a spill or stain should occur, blot immediately with a clean absorbent cloth or sponge. Do NOT rub the stain with force or pressure. A drop of mild, neutral pH soap on a damp cloth may remove dirt.
