

ROYAL HATCH WP2830-2837

Royal Hatch takes the basic grid of a windowpane and highlights all the complexities within the weave. With an emphasis on rich, saturated colors, this plaid is a sophisticated statement, at a price point that is much more accessible than a traditional paperbacked plaid.

DISCLAIMER / TERMS & CONDITIONS

Our digital wallcoverings are printed on natural grounds. Small variations in color and pattern may occur: these are not considered flaws but beautiful and inherent characteristics of the product.

All wallcoverings ship with untrimmed edges and must be trimmed on-site for crisp seams. Please inspect goods thoroughly before cutting as no allowances will be made on trimmed wall covering. Absolutely no claims will be accepted for labor or any other incidental costs.

This product is not designed for high impact environments, although customization options exist for printing on more durable grounds.

Digitally printed paper use in a bathroom: if you have a bathroom with a shower or tub that does not remove humidity well, or a wall close to a toilet in a half bath, the installation of grasscloth should be avoided.

CLEANING & CARE INSTRUCTIONS

Our digitally printed papers are very susceptible to damage when in contact with water. Do not apply any water or other liquids to the face of this wallcovering.

Vacuum with a soft bristle attachment.
