CLEANING & CARE INSTRUCTIONS

Professional dry clean, delicate treatment. Do not wash. Do not bleach. Do not tumble dry. Do not iron. To quickly clean up spills, blot with a clean cloth, do not rub. Allow solid spills to dry before carefully removing from the surface of the fabric. To remove dust or light dirt, gently brush or vacuum with an upholstery attachment.

DRAPERY

For best results, hang drapery before hemming to allow the fabric to adjust to the climate of the room. All drapery should be lined to block light and protect the face fabric.
