ADELAI (WP8170-8180)

TEXTILE BLEND

Adelai is a joyful celebration of color, meant to evoke the natural beauty found in bountiful gardens and meadows in bloom. Each colorway of Adelai uses the same color weft thread, with all color coming from the warp. This product is incredibly consistent, easy to install, and coated with a water based stain repellant for added durability. Adelai will have minimal paneling when installed.

- Composition: Textile blend (60% LI / 40% VI)
- Width: 54" (137 cm)
- Roll Size: Sold by the yard
- Minimum: 2 yards
- Lead Time: In stock 2-3 weeks*
- Origin: Netherlands
- Fire Rating: ASTM E84 Class A

No CFA's Offered

**Inquire to confirm stock. 500+ yds kept in stock but levels can occasionally run low and lead times for new production can increase anticipated delivery date.*

SUSTAINABILITY

All products in this line come from either 100% renewable natural sources, or recycled fibers. Production of this collection utilizes entirely green energy sources and water-based processes, and all shipments from the mill are completely carbon neutral. These products contain no PVC, chlorine, plasticizers, heavy metals or harmful dyes, and are REACH compliant and FSC Certified.

CLEANING & CARE INSTRUCTIONS

This wallcovering has been treated with a stain repellant finish, which prevents water-based splashes from staining the material. Splashes will bead up on the surface of the product and can be removed by gently blotting with an absorbent cloth. Do not rub as this can force the liquid into the weave and create a stain. Once a stain has dried it becomes nearly impossible to remove.

Periodic vacuuming recommended to prevent dust from building up on the material's surface.

DISCLAIMER

While this product is very consistent, it is manufactured using natural fibers which may cause small variations in color between dye lots. These are not considered flaws but beautiful and inherent characteristics of the product.

This product ships with precision trimmed edges and can be installed using a butt join. Please inspect goods thoroughly before cutting as no allowances will be made on trimmed wall covering. Absolutely no claims will be accepted for labor or any other incidental costs.
