GALBRAITH & PAUL

Studio based traditions

Galbraith & Paul was founded by Liz Galbraith & Ephi Paul in 1986 in Philadelphia. Over the years, their workshop has evolved into a textile design and hand block printing studio, where under one roof a talented team of artisans collaborates to produce this singular collection of fabrics and wallpapers.

The studio is the heart of Galbraith & Paul and hand block printing is its soul. The simplicity and elegance of this ancient craft inspire the design process and define the look of their fabrics and wallpapers. The subtle surfaces, blended colors, the small imperfections - all reveal the singular hand of the artisan - and propel the next design. *All rugs available in custom color and content.*
